

Enabling the disadvantaged and the disabled of all ages to share the exhilaration and fulfilment of flying

The 2019 Helping Wings Flying Award sponsored by Ports of Jersey

Helping Wings, the Jersey light aviation charity, is delighted to announce its 2019 Flying Award worth £2000 of flying training with the Jersey Aero Club for a local disadvantaged or disabled person.

Around the world, many disabled people have discovered that the freedom associated with being able to fly an aircraft is within their reach. Their disability is not necessarily a barrier to gaining a Private Pilot's Licence. Equally, many people facing other disadvantages have found that flying can be life changing whether this leads to a flying licence or not.

The flying award will enable the successful candidate to complete enough training to be at (or close to) the point where they are ready to fly solo. It is important to emphasise that applicants will not need to hold a flying medical. This enables Helping Wings to reach more people facing a wider range of problems and/or degree of disability. The principal aim of the flying award is to give a unique personal experience and opportunity.

Throughout the year, Helping Wings provides a number of flying experiences to local disabled and disadvantaged people.

Helping Wings is grateful for the financial support of the Ports of Jersey who, for the seventh year, are covering the cost of the flying award.

Applicants should be over 15 years of age and able to complete the flying course during 2019.

You can either apply personally or be nominated. The application form follows or can be downloaded from our website www.helpingwingsjersey.org, or requested by email on hello@helpingwingsjersey.org

Please complete only one application form. i.e. nomination or own application form.
